Letter from Staunton, [Correspondence of the Richmond Dispatch MEETING OF THE CITY COUNCIL-PASSAGE OF AN ORDINANCE ESTABLISHING A CITY ALMS HOUSE-RE-ISSUE OF STOLEN WARBANTS-PETITIONS, &C .- REMONSTRANCE FROM MER-

STAUNTON, August 19, 1874. At a meeting of the City Council held last night the following members were present, viz : John B. Evans, Isaac Witz, R. M. Guy, W. H. Gorman, John W. Alby, P. B. Hoge, H. Ker, and R. W. Burke. In the absence of the president, (Mr. Robert G. Bickle, who is spending the summer at the White Sul-phur Springs.) Mr. J. B. Evans took the chair as president pro tem. Before all the members had assembled, the President announced that the meeting was held for the purpose of considering the report of the Committee on Water, but it being proposed to take up the subject of the almshouse until the other members had arrived, it was done, and a very lively discussion arising on the various features of this ordinance the report on water was entirely forgotten, and did not come up during the meeting.

The house to be used for the city almshouse is the one formerly owned by W. W. Donaghe, deceased, in the northwestern part of the city, and known as Spring Farm, which was purchased some time since by the City Council to be used for this purpose. The ordinance provides that the government, control, and direction of the almshouse and grounds, and of all officers, agents, nurses, and other employes shall be vested in the Committee for the Relief of the Poor. They are required to prepare rules and regulations for the management of the affairs of the institution, surject to the approval of the Council. The efficers of the institution are to be a superintendent and physician. The committee are required to hold monthly meetings at the alm-house and make am annual report to the Council at its regular meeting in March, in which they are to state the number of persons provided for in the year, white and colored; the length of time each was provided for; the name of cach, and the amount of expenditures for the year, and also the amount spent for repairs of buildings separate and apart from that spent on the poor.

This is an ordinance which our city has long needed, and it is hoped that it will save FIELD. much suff-ring to the poor of the city during most wretchedly cared for, or rather not cared for; but this has been through no fault of the overseers of the poor, for they have done all they could; but it was impossible for them, under the former system, to provide properly for the sick and destitute when known to them, and many cases of want and suffering never came to their knowledge until after all human aid was useless. The petition of Mr. A. M. Bruce to have

two warrants, Nos. 187 and 188, for \$500 duplicated, was granted. They were stolen from Mr. Bruce the day the circus exhibited

here.

The petition of C. C. Wheat & Co. asking an abatement of their license tax as grocers and produce dealers, they having discontinued the business, was referred to the Committee on Finance.

The height understood by the merchants and the business of the merchants and the merchants are the merchants are the merchants and the merchants are the merchants and the merchants are the merchants are the merchants are the merchants are the merchants and the merchants are the mer

posed by the Council to close the cellardoors, a remonstrance was presented by them last night, setting forth the great injury such action would cause them, as their cellars are almost absolutely necessary for storage, &c. They claim that it will greatly diminish the actual and rental value of property on this street. The remonstrance was referred to the Committee on Streets. It seems that the license tax of the corpo-

ration on merchants is pressing even more heavily than the State tax. Last night a pebusiness firms was presented to the Council, setting forth that the present license tax is onerous and oppressive, inasmuch as the State tax bill only requires this merchants' tax to be paid quarterly, whilst the city ordinance makes the whole of it payable at the beginning of the year. After setting forth tition signed by twenty-seven merchants and dinance makes the whole of it payable at the beginning of the year. After setting forth the fact that by the assessment of this tax upon merchants' purchases by State and corporation they are by far the largest that pay-tor in the companying in proportion to their company's Wharf. Rocketts. ers in the community in proportion to their means and profits, they respectfully but carnestly protested that the additional requirement of prepayment by the city ordinance is unjust and oppressive, especially when it is remembered that this tax is intended to take the place of the property and capital tax heretofore imposed upon them, and in the payment of which they were on an equal footing with those paying taxes on real and personal property with respect to their payment by instalments. In conclutation and personal property with respect to their payment by instalments. In conclutation and the payment by instalments. resolved not to grant the petition of the merchants because it would be doing an injustice to those merchants who have already paid their tax. But where the injustice came in at was not explained.

The question as to the extension of Frede rick street, which has been before the Council for several months, was disposed of, and the extension decided upon.

DUFFA LO SPRINGS, MECALEM BURG COUNTY, VA.—RECENT DISCOVERY OF AN ADDITIONAL SPRING, decidedly impregna-ted with the celeorated "Saits of Lithia." These Springs open for the reception of visitors on the FIRST OF JUNE, 1874. In most of the chronic forms of disease regarded as remedial by mineral waters these Springs enjoy a deservedity high reputation. In general sdaptation and curative power in disases of women, in dyspepsia in its protean forms, n chronic intermittent fevers, and in all diseases generated by malarial poisons, they are without a rival among the medicinal waters of America. The proprietor is aware that this is a very strong claim. The public will juoge if it be sustained by the testi-

The public will juage if it be sustained by the testmonials submitted.

Since the last Spring season several valuable
springs have been discovered at this place. One of
them, according to an analysis made by Professor
Tonry, of Baitimore, is decidedly impregnated with
the "Saits of Lithia," which has given such celebrity to the Gettysburg spring in our own country
and to the Aix Ia Chappelle and Vichy waters of
the continent of Europe, and which is so highly
esteemed in the medical world as a remedy it
yout, rheumatism, and in kidney and bladder affeclious.

gout, rheumatism, and in kidney and bladder affections.

Professor George B. Wood, of the University of Pennsylvania, says: "There is perhars no other remedy from which equal efficacy may be expected in the removal of the deposits of the urate of soda in the joints and ligamentous tissues in gouty patients, and in preventing the deposits in the kidneys and urinary passages."

It may be worthy of note that this is the only Spring in Virginia in which this salt is found otherwise than the merest trace.

Pamphlets containing analysis, testimonials, &c. can be had on application to Messrs, Purcell, LADD & Co., druggists, or Messrs, WEST, Johnston & Co., booksellers, Main street, Richmond, Va., or by addressing the undersigned at Boydton, Va. [ap 24-daw4m] THOMAS F GOODE. MILLBORO' HOUSE
